The following symbols have been used in this publication

“-” means nil or negligible (less than half the final digit shown)

“..” means figures not available

## Foreword

I am delighted to present the 2020 Laikipia County Statistical Abstract, being the third production by my administration. I reiterate my Government's appreciation of the collaboration, expert advice, data, as well as quality assurance provided by Kenya National Bureau of Statistics (KNBS). This support greatly improved the publication.

This edition is richer in both scope of coverage and detail. We have updated the Gross County Product with National GDP growth rates, and provided granular presentation of the 2019 National Census data for Laikipia County.

We estimate that Laikipia's County Gross Product (GCP) was KES 89 billion in 2018 and KES 98 billion in 2019 at current prices. If Laikipia was one of the 217 countries or territories recognized by the United Nations, it would have ranked number 192 in GDP ranking globally in 2018, taking the slot occupied by Samoa, a global rugby powerhouse (World Bank GDP Ranking, 2019).

The 2019 National Housing Census established that Laikipia's population was 518,560, equivalent to 1.1% of the National population of 47,364,275. Majority of the population (55%) live in Laikipia West and Nyahururu Sub Counties. The number of males and females were almost equal, with the former ahead by only 338 persons. The County's average household size was 3.4 against the National average of 3.9. Laikipia North Sub-county had an average household size of 4.6 persons, beating the national average. Laikipia's population density per square kilometre was 54 persons vs the national average of 82 persons. A quarter of the population lives in eight (8) urban centres, while three quarters are rural residents. Laikipia has a young population, with 73% (378,410) aged between 0-35 years. We invite you to read the detailed presentation on pages 13 – 14 and 110 - 118 in the Annex.

My Government remains firmly committed to collect data for informed decision-making. This approach is bearing fruit and setting the trend in Kenya's public sector. For instance, we have used the household data collected as part of NHIF enrolment at household level to identify the most vulnerable households to receive Covid-19 pandemic relief under the 'Lisha Jamii' initiative. We have again used the same data to select 4,500 households whom my Government has paid NHIF subscription for. We will continue to deepen the scope and quality of data collection to manage the proposed stimulus package for direct assistance to small businesses and farmers in FY20/21. In line with our staff modernization initiative, and particularly the Business Development Service (BDS), all staff will be allocated businesses and farmers to advise in Fy20/21 to help them recover the negative impact of Covid-19 pandemic.

While our County and the entire World is facing difficult times

with uncertainties ahead, we recognize that as the old adage says, 'every cloud has a silver lining'. We have demonstrated that Laikipians and our friends can get together to support those in need led by the Covid-19 Pandemic Emergency Committee. Our entrepreneurs with the support of the Innovation and Entrepreneurship Program and Dedan Kimathi University of Technology (DEKUT) have pioneered manufacturing of personal protective equipment (PPE) that are being sold in Laikipia and neighbouring counties. In the next FY20/21, we have agreed with the County Assembly Members to provide a stimulus package to assist our businesses and farmers.

In June 2020, we signed an MoU with the KCB Group to provide funding of upto Ksh2 billion in form of interest cost subsidy and partial guarantee, targeting at least 5,000 businesses and 60,000 farmers. To be eligible, one must prove they are residents and own business or are farming in Laikipia County. I encourage all to take advantage of this facility to raise their incomes and create additional jobs for our youth.

Our mantra in Laikipia is a good thing can be made better, and continuously enriching partnerships with National Government Ministries, Departments and Agencies (MDAs) because we serve the same people. My Government's special thanks go to the KNBS Director General, Mr. Zachary Mwangi and his team for the technical guidance towards publication of this document.

I am grateful to my staff, the County Commissioner and National Government departments in Laikipia County for providing information. Let us all appreciate the coordinating team for this assignment led by the Department of Finance and Economic Planning and the Economic Strategy Unit in my office. We will appreciate feedback from you readers on what more we can offer to assist you make better decisions.

**Governor,**

**County Government of Laikipia**

## Acknowledgement

The successful production of 2020 Laikipia County Statistical Abstract has been made possible through joint efforts of producers and users of statistics despite the challenges faced during the data collection. This collaboration is expected to improve timely compilation of reliable data that will meet the needs of both the users and suppliers in subsequent County Statistical Abstracts.

In this regard, therefore, I wish to express my gratitude to the Kenya National Bureau of Statistics Board of Directors for providing policy direction, which has culminated in the preparation of this County Statistical Abstract.

My sincere gratitude goes to H.E. Ndiritu Muriithi, the Governor of Laikipia County for providing his support during the entire process in the production of this publication. I also want to thank the County Executive Committee Members, County Chief Officers, Directors and their staff who participated in the process of production of this abstract.

Special thanks go to the County Commissioner for playing a pivotal role in coordinating the data collection process from National Government departments. I appreciate the contribution of departmental heads who provided timely data and participated in the validation of information contained in this publication.

I acknowledge the contribution of the Directorate of Economic Planning for their tireless efforts in the successful compilation of data and production of this Statistical Abstract. I also thank all KNBS Directors, Editorial teams, the National Statistical System and Field Services office at the KNBS headquarters for successful production of the 2020 County Statistical Abstract.

Finally, I wish to reiterate the Bureau's commitment in strengthening linkages with county stakeholders to improve the quality of future Statistical Abstracts.

## Introduction

The County Statistical Abstract is a single source of information that provides a wide range of county specific data. It contains a comprehensive set of indicators that are useful for planning, monitoring and evaluation as well as providing useful information for research. The preparation of this Abstract has been coordinated by the County Government of Laikipia and KNBS in collaboration with the National Government departments and other stakeholders represented in the county. The information was compiled mainly from the administrative records and partly from the recent surveys and censuses. The source of the statistical data is shown under each table.

The publication aims at providing statistical information on economic, demographic and social dimensions in Laikipia County across the major sectors of the economy.

**Members of the County Assembly of Laikipia.**

## Structure of County Governments

The current Constitution was promulgated on 27th August 2010 providing for a two-tier government structure with one National Government and forty-seven (47) devolved County Governments. County Governments consist of two arms namely, the County Assembly and the County Executive. The functions of County Governments as contained in the Fourth Schedule (Constitution 2010) and are structured within the eight (8) county departments.

### The County Assembly

The legislative authority of county laws, general oversight of the County Government and representation of the people is vested on County Assembly. It consists of 25 Members of County Assembly (MCAs) comprising of 15 elected MCAs from different County Assembly Wards, 9 nominated MCAs representing special interests such as persons with disability and the youth as prescribed by the County Government Act 2012 and the Speaker who is an ex-officio. The head of the County Assembly is the Speaker, who is also the Chairman of the County Assembly Service Board.

The composition of the County Assembly for Laikipia County is as follows:-

<b>Speaker (ex-officio)</b>	<b>1</b>
<b>Elected MCAs</b>	<b>15</b>
<b>Nominated MCAs</b>	<b>9</b>
<b><u>Total</u></b>	<b><u>25</u></b>

HE Governor Ndiritu Muriithi, (centre), HE Deputy Governor John Mwaniki (sitted left), The Speaker of the County Assembly Hon Patrick Waigwa (sitted right) and County Executive Committee Members.

## The County Executive

The executive arm of the County Government comprises of the governor, the deputy governor, the County Executive Committee Members (CECMs) and the County Public Service. The Governor with the approval of the County Assembly appoints the County Executive Committee Members. Registered voters in the county elect the governor and deputy governor in a general election for a term of five years.

The County Governor and Deputy County Governor are the Chief Executive and Deputy Chief Executive of the county respectively. The county is run by a County Executive Committee (CEC) consisting of:

- Governor
- Deputy Governor
- Eight County Executive Committee
- County Secretary

The operations of the Executive are structured around 8 departments headed by the County Executive Committee Members. The Chief Officer is both the accounting and /or the authorized officer of the department. The 8 departments are: -

- County Administration and Public Service
- Finance, Planning and County Development
- Medical Services and Public Health
- Agriculture, Livestock and Fisheries Development
- Lands, Housing and Urban Development
- Education, Youth Sports and Social Services
- Trade, Tourism, Co-Operatives and Industrial Development
- Water, Environment and Natural Resources

## Overview of the County

**L**aikipia County is one of the 47 Counties in the Republic of Kenya within the Rift Valley Region. “Laikipia” is a Maasai word equivalent to trees plain reflecting the large highland plateau. It borders Samburu County to the North, Isiolo County to the North East, Meru County to the East, Nyeri County to the South East, Nyandarua County to the South, Nakuru County to the South West and Baringo to the West. It covers an area of 9532.2 km<sup>2</sup> and is ranked as the 15th largest county in the country by land size. This means that Laikipia County would have ranked 169 out of 234 countries in the world by area and therefore larger than countries like Cyprus, Puerto Rico, Trinidad and Tobago, Cape Verde, Samoa, Luxembourg, Comoros, Hong Kong, Singapore, Seychelles among other.

Laikipia County comprises of five administrative sub counties (formerly districts) namely Laikipia East, Laikipia North, Laikipia West, Laikipia Central and Nyahururu. The sub county headquarters are at Nanyuki, Doldol, Rumuruti, Lamuria and Nyahururu, respectively. The county consists of three constituencies namely Laikipia East, Laikipia North and Laikipia West. The county headquarters is currently at Nanyuki with the gazetted one being Rumuruti.

The county is cosmopolitan with about 23 communities comprising of Maasai, Samburu, Rendile, Somali, Pokot, Kalenjin, Meru, Kikuyu, and Turkana among others. The county is largely rural in settlement and a member of the Central Region Economic Bloc (CEREB), (Co-operation

for Peace and Development (Amaya Triangle Initiative) and Frontier Counties Development Council.

The main economic activities in the county include ranching, crop farming, dairy farming, tourism and trade. The main crops grown include wheat, maize, beans, potatoes and vegetables. The main livestock types are cattle, goats, sheep and poultry. Major tourist attractions in Laikipia include; wildlife, the unique Maa speaking cultural

practices and the Thomson Falls. Proximity to Mt. Kenya, Meru, Aberdares and Samburu game parks have equally boosted tourism within the county through provision of hospitality services to the tourists. Most trading activities in the county are concentrated in urban centres of Nanyuki, Nyahururu, Rumuruti, Kinamba, Wiyumiririe, Lamuria, Dol dol, Ol Jabet, Sipili and Naibor.

**Fig. 1: Map: Location of Laikipia County in Kenya**

## Administrative Units and Political Units

This section presents information on the administrative and political units in the county disaggregated by constituent sub-units. It gives the distribution of administrative units by sub-county, divisions, locations, sub-locations and villages and by political units in terms of constituencies and wards.

### Notes and Definitions

#### County:

It is an area that is demarcated as a devolved unit as stated under Article 6(1) of the Kenya's Constitution and specified in the First Schedule of the Constitution.

**Sub-County:** Refers to both Administrative Units of National Government (former districts) and County Government (constituency).

#### Sub-County:

Refers to both Administrative Units of National

Government (former districts).

#### County Assembly:

means an assembly constituted in the county in accordance with Article 177 of the Constitution.

#### Constituency:

Is an area demarcated as stated under Article 89 of the Kenya's Constitution for the purpose of electing a member of the National Assembly. There are 290 constituencies in Kenya and 3 constituencies in Laikipia.

#### Ward:

Is an electoral area within a county delimited in accordance with Article 89 of the Kenya's Constitution for the purpose of the electing the Member of the County Assembly. There are 1450 wards in Kenya and 15 in Laikipia County.

## Land and Climate

This section contains data on land area, topography and climate.

### Notes and Definitions

#### Topography:

Refers to the geographic features of a location. The features includes the mountains, peaks, valleys etc.

#### Climate:

The average weather conditions prevailing in an area over a long period of time. It includes temperature, air pressure, humidity, precipitation, sunshine, cloudiness, and winds.

#### Rainfall:

The amount of rain that falls on an area over a period of time. The rainfall data is collected from weather stations within the county.

#### Land Area:

Refers to an area in square kilometres of the land-based portions of standard geographic areas.

Temperature: Refers to a measure of the warmth or coldness of a place with reference to some standard value.

#### Temperature:

Refers to a measure of the warmth or coldness of a place with reference to some standard value.

## Gross County Product

Gross County Product (GCP) is a measure of how much each county contributes to Kenya's Gross Domestic Product (GDP) and may therefore be interpreted as the "County GDP". The GCP measures newly created economic value through production of goods and services in a specific county. The compilation of GCP is in accordance with international guidelines on estimation of regional gross domestic product. The GCP estimates are meant to address increased demand for county economic statistics such as

size, growth rates, and structure (sectoral contribution) of the economies. The GCP analytics show that while some counties have a small contribution to the national GDP, they have greater potential for faster rate of growth and potential for catch-up with the dominant contributors.

Table 3.1: Laikipia Gross County Product by Economic Activity, at Current Prices 2013 – 2019

## Population and Vital Statistics

This section provides information on population and vital statistics by year, sex and constituency, and registration of births and deaths by place of occurrence in Laikipia County.

### Notes and Definitions

#### Density:

Refers to a number of persons per square kilometre, obtained by dividing the enumerated persons in a given area by the size of the area.

#### Area:

Is the extent of a surface enclosed within a specified boundary, expressed in square kilometres. This excludes areas covered by water.

#### Place of Occurrence:

It is where birth or death occurs.

Births or Deaths Registered at Health Facilities: Refer to births or deaths that occur at a health facility and a notification is issued by a health worker at the facility.

#### Births or Deaths Registered outside Health Facilities:

Refers to births or deaths that occur at home and a notification is issued by an Assistant Chief.

#### Selected Age Groups:

Refers to special age groups e.g. Children under one year, children of school going age ECDE (3-5 years), Primary (6-13 years) and secondary (14-17 years)), youth (18-35 years), Children (under 18 years), Voters or Adults (18+ years), Women of reproductive age (15-49 years), Active Labour force (15-64 years) and the elderly ( 65+ years).

## Population Statistics

Table 4.1: County Population Distribution by Sex and Sub-County, 2019

Sub County	Male	Female	Intersex	Number Total
Laikipia Central	47,888	47,705	1	95,594
Laikipia East	52,078	50,732	5	102,815

## Money and Banking

This section presents data on Financial Institutions.

### Notes and Definitions

#### Banks:

These are organizations where people and businesses can invest or borrow money and exchange foreign currency.

#### Insurance Companies :

A business that provides coverage, in the form of compensation resulting from loss, damages, injury, treatment or hardship in exchange for premium payments

#### Micro Finance institutions :

These are organizations that offer financial services to low income populations. They include deposit and non-deposit taking financial institutions.

#### Forex Bureau:

An over-the-counter market where buyers and sellers conduct foreign exchange transactions.

#### Kenyan currency notes

## Public Finance

This section provides details of the County government's revenue and expenditure. It also includes funds transferred to the county under CDF allocation by constituency and National Government Affirmative Action Fund (NGAAF).

### Notes and Definitions

*County Government Revenue includes funds received from the National Government, conditional grants and county own resources.*

Expenditures are development and recurrent expenses incurred by the county government.

NGAAF are funds allocated to county through the office of the county women representative.

## Trade and Commerce

The section provides data on the licensed businesses within the County

### Notes and Definitions

Data presented comprise of registered businesses, permits paid and penalties

#### Single Business Permit:

The permit allows for the conduct of business or trade within the county. The permits are issued by the County Governments. All single business permits expire at the end of every year and there is a period within which renewal must be done.

**Table 8.1: Licensed Business Establishments by Economic Activity and Constituency, 2018 - 2019**

## Agriculture

This section provides information on agro-ecological zones, land potential by selected sub-counties, type of crops grown, the total area cropped, amount produced and their value. It also gives information on average retail prices for farm inputs, acreage under irrigation by type of crop grown.

### Notes and Definitions

#### High potential:

Clay-loam soil with sufficient manure and good drainage

#### Medium potential:

Sandy-loam soil with high drainage

#### Low potential:

Sandy soil with very high drainage and low manure content

#### Agro-Ecological Zones (AEZ):

Refers to the division of an area of land into smaller units, which have similar characteristics related to land suitability, potential production and environmental impact. The zone groups are temperature belts defined according to the maximum temperature limits within which the main crops in Kenya can flourish.

#### Reporting period:

The data is reported on calendar year as opposed to seasonal basis. Therefore, for crops where planting and harvesting may take place more than once in the year, the production

data is aggregated to get the annual data

#### Agricultural Area:

Refers to area under the crop or the area harvested. For a particular crop, the area reported is on what has been harvested

#### Arable land:

Is the land under temporary agricultural crops (multiple-cropped areas are counted only once), temporary meadows and pastures (for less than five years), land under market and kitchen gardens, barnyards, and land temporarily fallow (for less than five years). The abandoned land resulting from shifting cultivation is not included in this category. Data for "Arable land" are not meant to indicate the amount of land that is potentially cultivable.

#### Crop production:

Refers to the actual harvested production from the field and excludes threshing losses and that part of crop not harvested for any reason.

#### Farm gate Prices:

The value of production given in this report uses farm gate prices as the basis of valuation of the production from the county. Farm gate price is the price paid to farmer at the farm level and hence excludes margins on transport.

Table 10.1: Agro-Ecological Zones for the County, 2017-2019

Zone	Description	Sub-county/Wards	Dominant Enterprises
UH 2-3 (Upper Highland, Sub Humid)	Rainfall is over 1000mm/year. Temperature ranges from 19C to 25C. Soils are well drained, fertile with a lot of humic materials. Altitude is over 2100m ASL	<b>Laikipia West:</b> Igwamiti, Githiga	Dairy, Beans, Maize, Wheat, Irish potato, fish farming.
Low Highlands LH 1-5	Rainfall ranges from 700C to 1000mm/year and erratic. Soils are moderately well drained with less humic materials. Temperatures ranges from 15C to 25C. Altitude is between 1500-2100 M ASL	<b>Laikipia East</b> - Ngobit, Umande, Nanyuki, Thingithi. <b>Laikipia West:</b> Igwamiti, Marmanet, Githiga	Maize, Wheat, Dairy, Beans, Fish farming, Sunflower, Barley
UM5 - UM6 (Upper Midlands Zones)	Rainfall ranges from 500mm to 700mm/yea and erratic. Soils are not well drained with less humic materials. Temperature ranges from 15C to 28C. High evaporation	<b>Laikipia East</b> - Segera, Nanyuki, Tigithi <b>Laikipia West</b> - Rumuruti, Salama <b>Laikipia North</b> - Mukogodo East	Beef farming, Sorghum, Hay, Millet
LM3 - LM5 (Lower Midlands)	Rainfall ranges from 400mm to 500mm /year. Temperature ranges from 15C to over 28C. Soils are shallow and poor in fertility. High evaporation. Altitude is around 1500m m ASL. High evaporation	<b>Laikipia North</b> - Mukogodo West, Mukogodo East, Segera, Sosian	Ranching, Beef farming and Sisal

## Co-operatives

The section has data on the number of cooperatives by type, membership, share capital, turnover by Sub County. The number of Savings and Credit Cooperatives (SACCOs) by Sub-county and the performance is also given.

### Notes and Definitions

#### SACCOs:

These cooperatives provide their members with convenient and secure means for saving money and obtaining credit at affordable interest rates.

#### Share Capital:

Refers to the total of cooperatives' shares that are held by members. It is withdrawn only when one ceases to be a member of the cooperative.

Table 13.1: Active Co-operatives by Type, Membership, Share Capital and Turnover, 2017-2019

## Forestry

The section has data on number and size of gazetted forests and forest production.

### Notes and Definitions

#### Gazetted Forest:

Any forest area, or woodland or any part thereof, declared by notice in the Kenya Gazette Supplements, and which has a particular environmental, cultural, scientific, or other special significance, to be a nature reserve for the purpose of preserving its biodiversity and natural thereof.

Table 14.1: Gazetted Forests, 2017-2019

Category	Unit	2017	2018	2019*
Gazetted forests	Number	6.0	6.0	6.0
Non - gazetted forests	Number	-	-	-
Size of gazetted forests	Ha	55,226.0	55,226.0	55,226.0

## Energy

This section covers electricity connections for domestic use, small commercial, industrial use and the average annual and monthly pump prices of various petroleum products. It also covers the main sources of lighting and cooking fuel.

### Notes and Definitions

#### Domestic use:

These are domestic customers. They are Low voltage level (240 /415kV) users.

#### Small commercial:

These are medium commercial and industrial customers. They are medium Voltage level (11&33 kV) users.

#### Industrial use:

These are large commercial and industrial customers. They are High Voltage level (66 & 132 kV) users.

#### Street lighting:

They are Low voltage level (240 /415kV) users.

#### Pump prices:

These are the maximum retail petroleum prices calculated by the Energy Regulatory Authority in accordance with Legal Notice No.196 of 2010.

## Vivo Energy Kenya - Nanyuki Depot

## Transport and Communication

This section presents information on the road coverage by type, class and length. It also covers the transport and communication network and the number of postal service outlets in the county.

## Notes and Definitions

## Class A

Roads forming strategic routes and corridors, connecting international boundaries at identified immigration entry and exit points and international terminals

## National Trunk Roads B

Roads forming important national routes, linking national trading or economic hubs, county headquarters and other nationally important centres to each other and to the national capital or to class A roads.

## Primary Roads C

Roads forming important regional routes, linking county headquarters or other regionally important centers, to each other and to Class A or B roads. Required to collect regional and local traffic and channel it to class A and B roads.

## Secondary Roads D

Roads linking constituency headquarters, municipal or town council centers and other towns to each other and to higher-class roads. Required to collect local traffic from lower class roads and channel it to the higher-class roads.

## Minor Roads E

Major Feeder Roads linking important Constituency centres to each other and meant to carry local traffic and to channel it to class D roads.

## Education

Information on education enrolment by class for pre-primary (ECDE), Primary, Secondary, Technical, middle level colleges, University and Adult and Continuing Learning are given in this section. The indicators that have been computed are Gross Enrolment Rates and the Net Enrolments, which provide information on access rate.

### Notes and Definitions

Information on education enrolment by class for pre-primary (ECDE), primary, secondary, technical, middle level colleges, university, and adult and continuing learning are given in this section. The indicators that have been computed are Gross Enrolment Rates and the Net Enrolments, which provide information on access rate.

#### Net enrolment rate:

Enrolment of the official age group for a given level of education expressed as a percentage of the corresponding population.

#### Gross enrolment rate:

Total enrolment in a specific level of education, regardless of age, expressed as a percentage of the eligible official school-age population corresponding to the same level of education in a given school year.

## Public Health

This section provides statistics on health facilities by type and ownership, hospital beds and cots, outpatient morbidity for persons who are under five years of age and those who are aged five years and above, registered medical personnel, NHIF and medical students.

### Notes and Definitions

Kenya's health system is broadly categorized into six levels of care, namely; Level 1 comprising of the community and outreach level of care, Level 2 representing the dispensaries, Level 3 of health centers and clinics, Level 4 of the Sub County/district hospitals, Level 5 of the County hospitals, and Level 6 of tertiary national referral hospitals

#### Health Facility:

It is defined as a health service delivery structure from where services are provided e.g. Outpatient, pharmacy, laboratory. Government facilities are gazetted while Non-Government facilities are registered with the regulator.

#### Community Health Units:

A health service delivery structure within a defined geographic area covering a population of approximately 5,000 or 1,000 Households.

#### Primary Health Care Services:

The first physical level of the health system. They are either health centres, or dispensaries (mobile clinics in areas

where population density is very low, and/or mobile)

#### Basic Primary Health Care:

These are either Health centres or dispensaries that provide basic Outpatient, diagnostic, Maternal Child Health services.

#### Comprehensive Primary Health Care:

The primary / first level hospitals (level IV facilities), whose services complement the primary care level to allow for a more comprehensive package of close to client services.

#### Primary Care Hospitals:

The primary / first level hospitals (level IV facilities), whose services complement the primary care level to allow for a more comprehensive package of close to client services.

#### Secondary Care Hospitals:

The secondary / second level hospitals (level V facilities) provide a more comprehensive set of services, together with internship services for medical staff, research and serve as training centres for paramedical staff.

#### National Teaching and Tertiary Referral Hospitals:

The tertiary level hospitals, (level VI facilities) whose services are highly specialized and complete the set of care available to persons in Kenya. Services also include training for specialists, biomedical research, and serve as internship / apprenticeship centres for specialists.

Newly equipped Intensive Care Unit (ICU) at Nanyuki Teaching and Referral Hospital.

## Appendix 1.1 Key Social Economic Indicators

### Source: 2019 KENYA POPULATION AND HOUSING CENSUS REPORTS

#### 1. Distribution of Population by Sex and Sub-County

SUB COUNTY	Male	Female	Intersex	Total
KENYA	23,548,056	24,014,716	1524	47364296
Laikipia	259,440	259,102	18	518560
Laikipia Central	47,888	47,705	1	95594
Laikipia East	52,078	50,732	5	102815
Laikipia North	18,067	18,116	1	36184
Laikipia West	65,158	64,102	3	129263
Nyahururu	76,249	78,447	8	154704

#### 2. Distribution of Population, Number of Households and Average Household Size by Sub-County

Sub County	Population <sup>+</sup>	No of Households	Average HH size
KENYA	47,213,282	12,143,913	3.9
Laikipia	513,879	149,271	3.4
Laikipia Central	95,281	30,372	3.1
Laikipia East	100,874	33,505	3.0
Laikipia North	35,870	7,752	4.6
Laikipia West	128,693	33,025	3.9
Nyahururu	153,161	44,617	3.4

<sup>+</sup>Excludes the special population (travelers, outdoor sleepers, individuals in hotels and lodges and persons in institutions).

#### 3. Distribution of Population by Land Area and Population Density by Sub-County

Sub county	Population	Area in Sq Km	Population Density (No. per Sq. Km)
KENYA	47,664,296	580.876	82
Laikipia	518,560	9,532	54
Laikipia Central	95,594	1,233	78
Laikipia East	102,815	1,539	67
Laikipia North	36,184	2,575	14
Laikipia West	129,263	3,372	38
Nyahururu	154,704	813	190

## 4. Distribution of Population by Sex, Number of Households, Land Area, Population Density, Sub County, and Division Locations

	Total	Male	Female	Total households	Conventional	Group Quarters	Land Area Sq. Km	Density (Persons per Sq. Km)
<b>KENYA</b>	<b>47,564,296</b>	<b>23,548,056</b>	<b>24,014,716</b>	<b>12,143,913</b>	<b>12,043,016</b>	<b>100,847</b>	<b>580,895.0</b>	<b>82</b>
